GENERAL INFORMATION

GENERAL INFORMATION

THE COLLEGE

In 1857, The Mansfield Classical Seminary opened with a registration of 105 students. Four months later, the original building burned and the first South Hall was then completed in 1859.

In 1862, the Seminary was converted by the Commonwealth of Pennsylvania into the Normal School of the Fifth District.

Student Teaching began in 1871. In 1926, the Normal School was authorized to confer the degree of Bachelor of Science in Elementary and Secondary Education. A year later, the name of the institution was changed to Mansfield State Teachers College.

Since the authorization of the College to grant the B. S. in Education, Mansfield has expanded its curriculum to include the special fields of Music Education, Home Economics Education and Library Science.

Indicating a broadened concept of professional preparation, the Pennsylvania Legislature on January 8, 1960 authorized the title Mansfield State College. To better fulfill the broadened concept for professional preparation, Mansfield was given the right to offer a Liberal Arts Program in January 1963.

The present campus consisting of eighteen principal buildings attractively set in 75 acres is due for considerable expansion in the near future. Further recommendations to the capital budget includes land acquisition, recreation, roads, and parking lots; construction of dining hall-kitchen; a World Cultures Building; and renovation of the Arts Building. The requested additions total over three million dollars.

The recommendation for additional funds through our capital budget also includes a new field house, student union, infirmary, and additions to the library and science building.

Hemlock Manor

LIVING ACCOMMODATIONS

Our students reside in college resident halls, in college owned homes, in college approved homes in Mansfield, or in their parents' home. The college believes that some experience in resident hall living is beneficial to the student's social and emotional maturity, therefore, freshmen men and all women students except student teachers are required to live in the resident halls unless the student commutes from his home. Upperclassmen may be required to live in resident halls when facilities become available. Upon application to the appropriate dean, exceptions to this rule may be granted. Exceptions may be granted in cases involving age, marriage, and extenuating circumstances.

All students who reside in campus housing facilities must continue in residence for the entire academic year unless they withdraw from college, move to another community, or move to begin student teaching or other contingencies. Specific residence hall regulations applicable to individual halls will be available to each student upon request. The enforcement of residence hall regulations has been established through the respective men's and women's resident councils.

Resident students are required to eat in the college dining room. The Dean of Student Affairs may approve exceptions to the policy in cases involving health. Applications for permission to receive meals off campus must be filed one week after the student's registration date. The College Infirmary will review applications which must indicate detailed diagnosis by the family physician of blood count, urinalysis, and basal metabolism test.

Mansfield State College wishes to have residents representing all creeds, races, ethnic groups, and cultural groups living in college resident halls. Therefore, in compliance with the Pennsylvania Fair Education Practice Act, all resident assignments shall be made without

regard to race, religion, color, ancestry, or national origin. Having accepted the Pennsylvania Fair Education Practice Act, we feel that a cross section of cultures has been provided, thus providing a cosmopolitan community. The College also has accepted the Federal Civil Rights Act, Title IV, as part of its program.

CLASSIFICATION OF STUDENTS BY RESIDENCE

- Resident students—those who live in resident halls or college owned homes.
- Off-Campus students—those who have selected college approved housing in the community of Mansfield.
 - a. Town students—Those who reside with their parents, legal guardians, or are married and reside in Mansfield.
- Day Students—Those who commute daily to and from the college.

Male students under 21 years of age who desire to room off campus, other than in their own homes must secure the written permission of their parents and the Dean of Men. A list of approved homes in Mansfield is available in the offices of the personnel deans. Financial arrangements for renting rooms or apartments are made directly between the home owner and the student. All students must secure contracts from the personnel deans.

All married students enrolled at the college will live off campus. A student planning to be married while enrolled in college must inform in writing his personnel dean, dean of instruction and registrar at least two weeks before the marriage date.

LINEN SERVICE

Mansfield State College supplies linen service to all dormitory residents. The cost for this service is included in the \$8.00 per week (\$144.00 per semester) housing

fee. The linen service supplies to each resident student, three towels, two sheets, and one pillow case each week as well as one blanket, one bedspread, and room drapes which may be sent periodically for cleaning. Downtown residents may avail themselves of this service by so indicating on their I.B.M. card at registration at a cost of \$28.00 per year or \$14.00 per semester.

AUTOMOBILES

Freshman and Sophomores under 21 years of age are not permitted to operate motor vehicles while in residence at the college or in town. Juniors and seniors who are under 21 years of age may submit applications for permission to have automobiles on campus through the office of personnel deans, these applications to be accompanied by parental permission in writing.

All students who have or use automobiles must register them with the security officer during registration.

Regulations are distributed at the time of auto registration. Students are responsible for knowledge of traffic and parking regulations and for obeying same.

MAIL SERVICE

Incoming federal mail for students is distributed to the student mailboxes in each of the Commonwealth dormitories and in the Central Post Office mailboxes at approximately 11:00 A.M. The Central Post Office is located on the second floor of North Hall in the East Wing. This area maintains between 750 and 1000 federal mailboxes for Day Students and residents of the men's private resident halls. Mail is separated and distributed from this area. The Central Post Office is also a mailing service center where students may deposit letters and pick up packages. The remainder of the resident hall students receive their mail in their living areas. Please request that your box number be placed on all mail sent to you.

TO FILL YOUR CLOSET

The accompanying chart provides a convenient guide for appropriate dress. The basic criteria is wearing clothing which is most suitable for the occasion. Neatness is also considered very important. Being overdressed or under dressed for an event or activity usually makes the individual ill at ease and lessens his enjoyment. We hope the accompanying guide will eliminate this problem.

THE MAIN BULLETIN BOARD

The main bulletin board is located in front of the entrance to the library. It contains a list of events for each day as well as important announcements. A clock, signifying the official college time, was installed on the bulletin board in the spring of 1964.

All announcements which are to be placed on the main bulletin board should be sent to the Student Manager who shall coordinate the announcements made on the All-College Bulletin Board. For all announcements, please contact (Name will be posted on Bulletin Board) prior to 4:00 p.m. before the day of posting.

CONCESSIONS

Any college organization (club, sorority, fraternity, etc.) or individual desiring to sell anything of any nature whatsoever at social or athletic events, or among the students of the college, must first secure an application from the Office of the Dean of Student Affairs. Applications should be filed with the Dean of Student Affairs. These applications will be screened by the Vice President of Student Council. After a careful screening, concessions will be awarded to organizations.

STUDENT UNION

The Student Union was organized in October of 1955. It was made possible by the donations of students, alumni, and organizations. The Student Union or "Hut," as it is termed, is the favorite gathering place for those wishing to sit and talk, hear records; or play cards and other games. The "Hut" provides refreshments at its soda fountain and snack bar.

In addition to the "Hut," the Student Union also includes the following rooms on the second floor in the east wing of North Hall: the Mansfieldian Room; the Day Student Lounge which includes a study room—room 252; a Central Lounge—Rooms 248 and 250; a

Vending Room—Room 246; and a Cloak Room—room 242. On the other side of the hall is the Student Council Office; the Carantawan Office—Room 243; the Flashlight Office—room 245; and the Central Post Office—room 247. In this area the Union will maintain a bulletin board divided into sections for organizations and fraternity-sorority notices, placement materials, all student government bulletins, carpool announcements, and general information.

Also included as part of the Student Union is the Student Center. Every Monday and Wednesday evening, students congregate there for a record hop.

ACTIVITIES FEE

The activities fee paid each semester by all students enrolled at Mansfield, supports student activities. Activities Fee money is distributed to the organizations by a Budget Committee of Student Council. All organizations receiving money must either be open to all students, or offer free educational, athletic, or entertaining activities to all students. First semester freshmen are required to pay an extra five dollars which goes into the capital fund for the new Student Union.

STUDENT RECREATION

The Planning Committee for Student Recreation is a combined faculty-student committee working to improve the recreational facilities on the campus. This committee meets regularly to set policies and to organize social activities such as roller skating and bowling parties, winter weekends, dance classes, and cultural trips.

In addition to the social activities, the following recreational opportunities are available: Bicycling, bowling, pocket billiards, table tennis, table shuffleboard, badminton, croquet, basketball, volleyball, picnic equipment, skiing and sledding.

Weather permitting, ski classes are organized and are under qualified instructors. A ski tow and slope are in operation on the campus. This is open to any student during specified hours.

The Student Center is the main building for recreation and is under supervision at the following hours:

Monday through Friday	12:00 — 1.00
and the later was the first	4:00- 5:30
	7:00—10:00
Saturday	1:00- 5:00

Sunday	2:00- 5:00

At the above times, equipment can be signed out through the supervisors and must be returned before the supervisor goes off duty.

This is an active committee which is working for the interest of all students.

TOWN RECREATION

The three main types of recreation or entertainment in the town for students to enjoy are the Twain Theater, the bowling lanes, and the roller skating rink. The theater is located on Main Street; the bowling lanes and the skating rink are on South Main Street. On Wednesday and Thursday evenings, the theater offers special rates to college students.

ART EXHIBITION SERIES

With the completion of the Library-Administration Building in September, 1960, a monthly art exhibition series was inaugurated on the Mansfield campus for the cultural and esthetic development of the student body as well as for the community. Drawings, prints, watercolor, and oil paintings and sculptural works have been exhibited. At least four exhibits per year are secured from the New York City Galleries such as Bab-

cock, Associated American Artists, Grand Central Moderns, ACA and Bodley. Exhibits have also been on loan from the Butler Institute of Art, Youngstown, Ohio and the Living Arts Foundation, New York City. The program is under the supervision of the Art Department and funds for its operation are allocated by the Student Government Association. In conjunction with the Fine Arts Festival, a quest artist visits the campus, giving lectures to both assembly groups and informal groups. The artist's work is also on display at that time as part of the exhibition series. Artists participating in this program have been Sol Wilson, Richard Florsheim, Ralph Della Volpe, and Margit Beck. Works by Lamar Dcdd, Stanley Hayter, Sabina Teichman, and Anne Brigadier have also been exhibited at Mansfield.

ART ACQUISITION PROGRAM

In April, 1961, an art acquisition program was instituted at Mansfield, the purpose being to acquire significant original works of art and the development of a worthwhile art collection for the college. From its inception to June, 1964, funds for this were entirely realized from contributions of campus organizations, such as clubs, fraternities, student council. Alumni Association. and the Faculty Association. The program is under the direction of a student-faculty committee with the Director of Art as chairman. In September, 1964, an allocation of \$1,100 was made by the Mansfield Cooperative Government Association for this purpose. Art works purchased are oil paintings by Ralph Della Volpe, Byron Browne, Sol Wilson, John Fell, Richard Florsheim, Stanley Hayter. Benton Spruance. Daniel Kuruna, and Robert Cronauer.

LITERARY DIGEST

The Falcon is a literary digest which contains the writings of students and faculty at Mansfield State College. Contained in the publication are essays, poetry, short stories, and other writings. It is hoped that the digest will become a lasting contribution to our campus.

ASSEMBLIES

Assemblies for the student body, the faculty and the public are scheduled on Tuesdays and Thursdays at 2:00 p.m. in Straughn Auditorium. Their primary purpose is to supplement the work of the classroom and to vary student activities.

CONCERTS

Various music groups such as the College Community Orchestra, Concert Wind Ensemble, Phi Mu Alpha, Lambda Mu and others present Sunday evening concerts in Straughn Auditorium. These concerts, which are open to the students, faculty, and public, enhance the cultural-entertainment held on the campus.

FACULTY LECTURE SERIES

The Faculty Lecture Series is a popular program at Mansfield State College. These lectures feature M.S.C. professors and provide a variety of interesting topics.

The lecture series will be held in resident halls featuring both formal talks and discussion periods. All Faculty Lectures will be scheduled on the All-College Calendar.

FEATURE SERIES

The Mansfield Features Series is designed to provide the students and community with rich cultural entertainment. The "Grecian Sing" is a musical program in which organizations on campus sing Christmas songs and compete for prizes. One of the most awaited events is Open House. ACADEMIC REGULATIONS

FOR ALL STUDENTS

When a student registers, he binds himself to abide by the rules and regulations of the college.

MARKING AND POINT SYSTEM

Grade	Interpretation	Quality Points
A	Excellent	4
В	Superior	3
C	Average	2
D	Passing	1
E	Incomplete	
F	Failure	0

The academic standing of a student in every subject is reported at the close of every semester. The quality point average is an index to the over-all quality of a student's academic work and represents his academic standing. This average is determined by dividing the sum of the quality points earned by the number of credit hours of work scheduled.

EXAMPLES

	Credit Hours		Quality Points
Man and the Bio. World	3	В	9
English	3	D	3
General Chemistry	4	C	8
World Civilization		C	6
Introduction to Art	2	В	6
Health	1	A	4
Physical Education	0	S	
	-		-
	16		36

The semester average is therefore equal to 16/36 or 2.25.

The following definitions are used in special situations:

WP Withdrew from course (passing at time)

WF Withdrew from course (failing at time)

S Satisfactory

U Unsatisfactory

Ex Credit by examination

Aud Audited (no credit)

Completion of required work to remove an E grade must be accomplished within 30 days of the next semester in which the student is enrolled or by rescheduling the course. All E's not removed according to these instructions shall automatically become F grades.

DEAN'S LIST AND HONOR ROLL

The Dean's List, issued after the close of each semester, contains the names of those students who have earned an average of 3.5 or higher for the semester.

Superior scholastic achievement is recognized by means of the college honor roll. Such recognition becomes a permanent part of every graduating senior's record, with designations based upon cumulative point averages as indicated:

Honors	3.35 to 3.64
High Honors	3.65 to 3.94
Highest Honors	3.95 to 4.0

GRADE REPORTS

At the end of each quarter and each semester, grade reports are distributed. The quarter grades are not entered on the student's permanent record; their value lies in guidance. The semester grades are entered. Copies are sent to parents or guardians of students not yet 21 years of age.

ACADEMIC STANDING

To remain in satisfactory standing a student must maintain a cumulative quality point average of 2.00 or better. A student whose over-all quality point average falls below 2.00 at the end of any semester other than the first semester of his freshman year is permitted to attend the following semester on probation in an effort to raise his quality point average to 2.00 or better. A student whose quality point average falls below 1.00 in the first semester of his freshman year will be dismissed. A student whose quality point average falls between 1.00 and 1.99 in the first semester of his freshman year is permitted two semesters on probation provided that by the close of his second semester his cumulative average is 1.80 or better. Any student whose cumulative quality point average remains below 2.00 at the close of a probation period is automatically dismissed from college. A one-semester interval must elapse before a student who has been dismissed for academic deficiency, may be considered for reinstatement by the Committee on Admissions

JUNIOR CLASS STANDING

At the end of the sophomore year a student must achieve junior class standing, for which the following requirements must be met:

- 1. A minimal 62 semester hours of credit with a quality point average of 2.0 or better.
- At least a C grade in both English I and English II.
- Endorsement by the academic department chairman as a prerequisite for continuing in a field of specialization.

No student may be assigned to student teaching without having achieved junior class standing. Additional requirements may be stipulated by specific departments.

STUDENT CLASSIFICATION

Students are classified according to the number of semester hour credits earned according to this scale:

Credits	Status	
0-29	Freshman	
30-61	Sophomore	
62-94	Junior	
95-	Senior	

STUDENT LOAD

From 14 to 18 semester hours constitute a normal work schedule. A student wishing to carry more than 18 semester hours must:

- 1. Make a 3.0 average.
- 2. Secure in advance the written approval of the director of his department and the Dean of Instruction. These conditions cannot be met in the first semester of residence.

CHANGING COURSES

A student who desires to transfer from his department must secure the written consent of the director of his department, the director of the department to which transfer is requested and, if under 21, from his parents, subject to the approval of the Dean of Instruction.

WITHDRAWAL FROM COLLEGE

Any student dropping out of college is required to notify the Dean of Instruction and the Dean of Men or Women of intention to withdraw and the circumstances involved in order that the permanent record may be properly completed. Withdrawal without proper notification and approval will prejudice a student's record and his chance for future readmission.

WITHDRAWAL FROM A COURSE

Withdrawal from a course is permitted only for justifiable reason, and with the approval of both his department and Dean of Instruction.

No notation of a course dropped will appear on the student's permanent record if he withdraws (a) during the first three weeks of the semester, or (b) during the first week of a six-week summer session. Withdrawal from a course after the period specified will not be approved except for adequate cause.

A student will receive an F in any course from which he withdraws without approval.

The following procedure is required for withdrawal from a course:

- The Student processes the necessary "drop" form in the office of the Dean of Instruction.
- He submits this form to his instructor and his department chairman for approval, which will be indicated by their signatures and any comment added to the form.
- The department chairman, after making the necessary changes in department records, transmits the "drop" form directly to the office of the Dean of Instruction for final processing.

The same procedure is followed when a student wishes to add a course in place of a course dropped, except that he must also obtain the signed approval of the instructor of the course in which he wishes to enroll. Such substitution will not, however, be permitted at any time when there is reason to believe that the student cannot make up the work missed in the course he wishes to substitute.

CHANGE IN CURRICULUM

Discussions regarding a change of curriculum may be held at any time. However, actual changes must be made by December 1 of the Fall Semester, April 15 of the Spring Semester, or August 1 of the Summer Session.

A student desiring to change his curriculum, should consult first with his Department Chairman and then the office of the Dean of Instruction and, if approved for change, will process the necessary forms by the above dates.

REGULATIONS CONCERNING EXAMINATIONS

The following policies concerning the administration of examinations have been adopted:

- A minimum of three systematic evaluations of student achievements shall be made during each semester.
- Semester grades shall be based on as many factors as possible, such as results of tests and examinations, projects, individual reports, laboratory work, field work, growth, and the like.

The student himself is ultimately responsible for meeting all requirements for a degree in his field. Accordingly, he should study the catalogue closely on requirements for graduation, arrange his program of studies carefully with the help of his adviser, and maintain an accurate record of subjects completed, together with his grades and quality point average.

ABSENCE POLICY

Careful preparation of assignments, regular class attendance, and attendance at college lectures are factors that contribute to high standing. Regular and punctual class attendance is expected of all student at all times. A student cannot reap the full benefits of instruction when absent. Lowering of scholastic standing, failure, and dismissal are penalties suffered by students who are excessively absent.

The following policies concerning absences have been adopted.

- Instructors will report to the Dean of Men or Women (as appropriate three successive absences on the part of any student.)
- 2. Absences for illnesses, emergencies, or for college representation will be considered authorized absences by instructors; therefore, students should present to their instructors a doctor's or college nurse's illness slip in case of sickness or a statement from the Personnel Dean in case of emergency. Students representing the college in a college activity should check to make certain that their names are included in the list of participants published by the Office of the Dean of Student Affairs.

The Office of the Dean of Student Affairs will submit to all instructors an initial list of names of individuals who because of college representation, will be absent from class. After the event, a definite list of the students who actually participated in each event will be supplied by the department concerned, so that an accurate student accounting can be kept. These lists will serve as a guide for the instructor in his evaluation of an absence.

 Students are responsible directly to their instructors for class and laboratory attendance, and absences must be made up to the satisfaction of the in-**matructor.

CREDIT BY EXAMINATION

A student in good academic standing may request permission to take a comprehensive examination in a particular course offered by the college. All requests for credit by examination must be made to the department chairman involved and reviewed by the Dean of Instruction. A student must present evidence that he is sufficiently competent to warrant the examination. If the request is approved, the student will register for the course by the normal procedure used for all courses. The semester hours of credit earned by examination will apply toward graduation requirements.

CREDIT FOR MILITARY SERVICE

Veterans with a minimum of eighteen (18) months of honorable service in the United States Army, Navy, Marine Corps, and Air Force, may apply to the Dean of Instruction for credit in HPE 100 (Health), and HPE 101, 102, 103, and 104 (Physical Education).

REGULATIONS CONCERNING CHEATING

Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in classroom quizzes and final examinations, and further to plan the assignment of topics for term papers so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to cope with such offenses in the interests of acceptable high standards as a matter primarily between the instructor and the student. Requests for assistance from the office of the Dean of Instruction will be honored.

In situations where a cheating offense has been established clearly the following regulations have been formulated and should be followed by the faculty so that a uniform policy will be in force:

- First offense on a classroom quiz: failure in the quiz and warning.
- Second offense on a classroom quiz: failure in the course.
- Two first offenses in separate courses: failure in both courses.
- 4. Offense in a final examination: failure in a course.
- Offense on workbook or term paper: Failure in the course.

A written report of action taken by faculty members, based on these regulations, shall be submitted to the office of the Dean of Instruction without delay.

STUDENT GOVERNMENT

Greater student participation in direction of their own affairs has been one of the most important developments recently in Mansfield State College history. Greater student participation means that each student assumes more responsibility for his proper action, conduct and thinking which accompanies the privilege of directing their own affairs. The broad basis for the student government program at Mansfield State College is based on the Student Government Association. All Mansfield students are automatically members of the Student Government Association. Monthly meetings are held for airing problems and for voting on major issues. During the monthly meetings hearings and reports received by action of the Student council are reported to the Student Government Association.

Through the Student Government Association a Student Council is elected to represent the Student Government Association of all college affairs. This organization meets on a bimonthly arrangement and conducts the normal business for the Student Government Association. It has a representation of a president, vice-president, treasurer, secretary, advisor and four delegates at large.

SOCIAL REGULATIONS

SOCIAL CODE OF CONDUCT

The traditions and principles of Mansfield State College which are to be accepted by every student upon registration, decree that the student will conduct himself at all times as a lady or gentleman and maintain standards which are consistent with good social practices and the policies outlined in this PASSWORD. College rules pertain to all students regardless of age or location of college residence.

ALCOHOLIC BEVERAGE POLICY

Use or possession of alcoholic beverages is not permitted on the college property in or the premises of living units of students, or in college approved residence where students reside, including fraternities or sororities.

Any college group sponsoring off-campus parties will be governed by the Pennsylvania state law regarding the use of alcoholic beverages.

Undesirable conduct resulting from the use of alcohol in such circumstances will be subject to the following regulations which may result in dismissal from college.

- The possession and/or use of alcoholic beverages inside any college building, or on college property.
- 2. Returning to the campus in an intoxicated condition resulting in an inability to control behavior.
- Any situation resulting in behavior reflecting discredit upon the college which has resulted from the consumption of alcoholic beverages.
- The illegal purchase or consumption of alcoholic beverages by any student of the college described by law.

Penalties for violation of the alcohol regulations range from social probation to suspension for a definite or indefinite period of time both of which becomes a part of the student's personnel record. The lesser penalty will be used only when there are mitigating circumstances.

THE PENNSYLVANIA LAW states that a jail sentence is provided for a minor who purchases, attempts to purchase, consumes or transports alcoholic beverages.

GAMBLING

Gambling is specifically forbidden by the administration of the college.

ILLEGAL ENTRY

Any individual or group of individuals who participate in an unlawful entrance into residence of any college student, or any college buildings, or who unlawfully take possession from such a residence will be subject to dismissal from college.

PUBLIC DISTURBANCE

A student who is guilty of an offense against law and order at the time of a public disturbance or unauthorized demonstration, or who disregards the instructions of a proctor or other college official at such time may have his connection with the college severed. The mere presence of a student in a disturbance or unauthorized demonstration makes him liable to disciplinary action.

RESPONSIBILITIES

Students shall be held responsible for conduct regulation as set forth in this handbook, and on college bulletin boards. In the event that these regulations are broken the student is referred to the appropriate court for action. Two penalties are interpreted below for clarification purposes:

 Any further violation by the individual may cause his case to be reviewed by the court or the personnel dean and may result in possible removal from college (the probationary status becomes a part of the students personal records.)

- A student on social probation may not leave the community of Mansfield at any time (including going home) without special permission from the respective personnel dean.
- Parents will be notified by the court or the personnel dean of the student's precarious standing with the college.

MANSFIELD STATE COLLEGE JUDICIARY SYSTEM

To protect the students' individual rights as established by the constitution as well as to protect the welfare of the institution regulated by the laws of the Commonwealth of Pennsylvania, a judiciary system dedicated to the often times quoted "Due Process" has been developed through the efforts of the Mansfield State College Community.

To protect the student's individual rights the College recognizes that a student is entitled to the same privileges of "Due Process" as is any other citizen, therefore, a system of trial by court including counsel has been established.

The following judiciary system has been adopted by Mansfield State College. Three lower courts — Women's residence, Men's residence, and Day Students — have been established to hear cases which involve policies officially adopted by those agencies. A superior court with one minor court has been established to hear cases which involve infractions of all college policies which are policies basic to the general welfare of the College. The minor court — traffic court — has been established to hear cases involving infractions of traffic regulations as adopted by the college traffic and safety committee. The superior court shall be responsible for all appeals from any one of the resident courts, day courts, or traffic court.

Infraction of College policy as established by the Student Government Association, the resident hall councils, or the Day Student Council shall be heard by the respective resident or day court. When a student has been charged with an infraction of the above mentioned agencies' regulations or policies, the student is entitled to a hearing which shall be scheduled by the proper agency.

When a student has been charged with an infraction of either all college policy or civil law, the case shall be referred to the superior court. All appeals from either the minor courts or the traffic court shall be referred to the superior court.

The right of appeal for the defendant shall be maintained with the provision that the appeal be submitted in writing to the Dean of Student Affairs who shall review the case with the President of the College. A final decision or verdict shall be given to the student or defendant through the Office of the Dean of Student Affairs.

COUNSELING AND ADVISEMENT SERVICE

Students may consult the Deans of Men and Women at any time with personal or academic problems.

Each student is assigned to a faculty adviser in his department. Each student, unless otherwise designated, is required to meet with his adviser at the nine-week advisement period. At this time the students may discuss personal and academic problems with their advisers.

The Dean of Student Affairs is concerned with general student welfare. Students may consult the Dean of Student Affairs after first consulting Deans of Men or Women. Financial aid and part-time employment may also be obtained through this office.

The college also employs a clinical psychologist whom the students may consult upon the consent of the personnel Deans or a faculty member.

STUDENT AID

GENERAL INFORMATION

As a state college, Mansfield State College offers higher education at a cost considerably below that of private and parochial colleges. For the same reason, financial assistance — both as to the number of grants made and the amounts awarded — is quite limited as compared with many colleges which are heavily endowed. While remaining committed to offering financial aid to outstandingly able students who can show evidence of financial need, Mansfield State College must necessarily recognize that the financial costs of acquiring a higher education remain, at this time, the obligation of the student and his family.

Matriculation at Mansfield State College is for a semester, the College, therefore, expects each entering student to be able to meet the expenses of the semester without the expectation of financial assistance unless such aid has been previously arranged and confirmed. New students, particularly, are urged to be ready to personally and wholly defray all expenses arising during their initial semester at Mansfield State College since applications for financial aid cannot be filed before formal acceptance and applications for financial aid require considerable time to process. Similar conditions exist as pertain to student employment applications.

The following points are emphasized:

- 1) A new student (prospective Freshman or transfer) should not file application for, or make inquiry about, any type of aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College.
- 2) The only form of financial aid available to transfer students during their first semester at Mansfield State College is part-time employment and such job opportunities are extremely limited.

- 3) Any student requesting N.D.E.A. Loans, Scholarships, or Federal-Work Study must have filed the confidential statement related to his personal and family finances with the College Scholarship Service, Princeton, New Jersey. That agency will then advise the college of its objective analysis as to the student's (or student's family) ability to finance his own education at Mansfield State College. The Student Aid Committee utilizes this information when considering applications for all forms of student aid. Responsibility for filing the confidential statement rests with the student; help may be secured from high school principals and guidance counselors. The C.S.S. information sheet is NOT an application for aid.
- 4) No advance disbursement of an approved financial assistance grant will be made by the college until the student has paid the Advance Registration Deposit for the semester for which the financial aid was awarded.

OFF-CAMPUS EMPLOYMENT

The College wishes to impress prospective students that the location of Mansfield State College in a rural, non-industralized region of the state greatly reduces the opportunities for outside part-time employment. Further, with increased emphasis being placed on scholastic attainment at this College, the number of hours in which a student may engage in employment has tended to drop sharply in recent years. The acquisition of off-campus employment is the responsibility of the individual student although the several Personnel Deans may be able to provide some limited job vacancy information. There has, however, been made available to qualified applicants, a small amount of part-time off-campus State and Federal Works Study Program employment. Additional information may be obtained in the office of the Dean of Student Affairs.

PART-TIME CAMPUS EMPLOYMENT

Part-time student employment at the College is available in the dining hall, library, dormitories, grounds and

buildings, student union facilities, and offices. Such employment is normally awarded to students who have demonstrated ability to do satisfactory academic work and shown evidence of financial need. These positions are normally filled by upperclassmen, but a limited number of positions are open to exceptional freshmen. Requests for student employment are made after formal acceptance and payment of the Advance Registration Deposit. Applications are available from, and submitted to, the Chairman, Student Aid Committee, office of Student Financial Aid.

Part-time State and Federal Works Study Program employment is available in the dining room and library of the college. For details see the Dean of Student Affairs,

SCHOLARSHIPS

The following scholarships are awarded by various sponsors in cooperation with Mansfield State College. Applications are available from the office of Student Financial Aid, Administration Building.

H. W. COLEGROVE SCHOLARSHIP FUND. Annual awards of \$100 each to two deserving young women residents of McKean County, Pennsylvania, and \$100 each to two deserving young women residents of Tioga County, Pennsylvania, are made for the purpose of aiding the recipients in defraying college expenses. The awards are usually made to Clarion and Mansfield State College students. These scholarships are not customarily available to new students.

Theodore Presser Foundation Scholarship Grant. The College receives annually a grant of \$400 for financial grants to outstanding junior or senior students majoring in music Education. Grants are awarded by the Music Department with the approval of the President of the College. Applications for these grants should be made to the Chairman of the Music Education Department. Grants are made for undergraduate work for the forthcoming academic year.

Hannah Kent Schoff Memorial Scholarship. The Pennsylvania Congress of Parents and Teachers each year in April awards two four-year scholarships of \$150 per year to a worthy Pennsylvania student. The student is selected by the Student Aid Committee on the basis of scholarship, personality, and financial need. Applications may be secured from, and returned to, Chairman, Student Aid Committee, Office of Student Affairs. Applications must be received before March 1.

LOANS

National Defense Student Loan Program. The National Defense Act of 1958, as amended, makes available to full-time students showing evidence of financial need and maintaining good academic standing loans for college expenses. Special consideration is given those students whose academic record indicates a superior capacity in science, mathematics, engineering, or a modern foreign language or to students of superior academic background who expect to teach in elementary or secondary, schools.

N.D.E.A. loans are awarded for a semester and based upon accumulative grade point average. Evidence of need will normally be on a yearly basis as evaluated by the College Scholarship Service. Currently the College makes a maximum grant of \$400 per semester although the maximum provided by federal legislation is \$1,000 per year and \$5,000 during the borrower's enrollment. A portion of the College's N.D.E.A. Loan Fund is reserved for entering Freshmen. These awards are made on the basis of financial need and academic promise as indicated by the SAT scores of the College Board Exams.

Applications for N.D.E.A. loans may be received from, and returned to, the Chairman, Student Aid Committee, office of Student Financial Aid. Application should not be made before notice of acceptance has been received and the Advance Registration Deposit paid to the College.

STATE HIGHER EDUCATION LOANS

Pennsylvania, New York and New Jersey have state agencies which guarantee a college student's loan with a banking institute. All Pennsylvania residents are eligible, including freshman, to apply for a state higher education loan. After completion of their first semester they must be eligible by having obtained a 2.0 cumulative average. Pennsylvania grants \$1,000 per academic year (as determined by semester hours completed). Loan applications are available from cooperating banks in the student's home area or directly from the Pennsylvania Higher Education Agency, Education Building, Harrisburg, Pennsylvania (17126). New York residents are eligible upon acceptance by this college and thereafter by maintaining a 2.0 cumulative average. Grants of \$750, \$1000, \$1,250, and \$1,500 are awarded for the Freshman, Sophomore, Junior, and Senior years respec-Qualification is governed by class standing as determined by semester hours completed, not by semesters of attendance. Applications are available from cooperating banks in the student's home or directly from New York Higher Education Assistance Cooperation, 111 Washington Avenue, Albany, New York (12224). The New Jersey plan is similar to the New York and Pennsylvania plans; applications may be secured from the lending institution or directly from the New Jersey Higher Education Assistance Authority, 225 West State Street. Trenton 25. New Jersey.

The following procedure has been established for processing higher education loans at Mansfield State College:

All copies of the application should be submitted to the Office of Student Financial Aid, Alumni Hall, Mansfield State College.

The Office of Student Financial Aid will certify your loan application, attach all necessary supporting documents, and mail your loan request to the proper agency. Notification as to award or denial will be received directly from the respective state agency.

Normally, Mansfield State College will request that the loan granted to student borrowers be divided so that a check equal to the amount which the student will owe the Commonwealth of Pennsylvania and the Mansfield Cooperative Association is payable jointly to the college and the student. Any remaining amount would then be paid directly to the student for his books, supplies, clothing, and personal expenses.

Application for a state higher education loan should be made as soon as the student has accumulated sufficient credits to qualify for the higher class standing. Students are NOT to wait until the opening of the new school year.

OMICRON GAMMA PI STUDENT LOAN FUND. Loans are made to students of the Home Economics Department with preference given to seniors. Awards are made on the basis of scholastic standing, high ideals, and strong character. Applications are received from the Chairman, Department of Home Economics and submitted to Omicron Gamma Pi which makes the individual loans.

STEVENS BROTHERS FOUNDATION LOANS. Loans of \$25 to \$50 per month during the Senior year are made to Senior men who will commence work at the close of the academic year. Additional information and applications may be secured from Chairman, Student Aid Committee. Office of Student Financial Aid.

 - (a) The fire alarm of the Mansfield Fire Department will be the official warning device. The attack alert is a steady blast of the siren for three to five minutes. At this warning, all persons not in buildings will immediately enter one. Civil Defense stations are located in the basements of the Administration building, the Arts building, and North Hall, and these are stocked and supplied with water and food. Whereever radios are available they will be turned on and tuned to frequency 1490. This frequency will be the only area on the dial where instructions for this locality will be given. Most other stations will go off the air.
 - (b) Whenever the attack alert is followed by a wailing or short blast of the siren for three minutes, all persons should be inside buildings and at this time will proceed to take further cover by moving to lower floors and basement. All upper floors must be vacated. Persons will station themselves at exits to make sure no one leaves the building.
 - (c) Following the wailing blasts (attack), all persons must remain under cover until notified by a warden or until the all clear is sounded.

ELIGIBILITY RULES

Eligibility rules are regulated by action of the Pennsylvania State College Board of Presidents.

- A. RESPONSIBILITY. The president of each college shall be responsible for its athletic program. He or his authorized representative shall accompany any team which represents the college in any athletic contests.
- B. Certified Eligibility Lists. At least four days before every official game, eligibility lists, certified by the president of the competing colleges, shall be exchanged on forms provided by the conference secretary.

C. ELIGIBILITY.

- Years of Competition. A student shall not be allowed more than four years of intercollegiate competition.
- 2. A student must complete his intercollegiate competition within a five-year period from the date of first matriculation at any college. This restriction shall be waived in the case of a veteran or draftee for the time spent in the service. Interpretation: In determining years of competition in all cases, the following provision applies: Participation, however brief, in any intercollegiate athletic competition in any college or junior college will cause that year to count as one of the allotted years of competition. Note: The restrictions of Section C-1 are waived in the case of a veteran. The years during which a student may have represented any college, as a service trainee in intercollegiate athletic competition, shall not count in his total years of eligibility.
- 3. Academic Attainment. (A) A student to be eligible must carry at least twelve (12) semester hours of credit courses. In the trisemester arrangement, ten (10) hours of credit will be

the minimum academic load and in the quarter system, eight (8) hours of credit must be carried.

- (B) A student to be eligible must have secured passing grades in at least twelve (12) semester hours during his preceding semester or ten (10) hours of credit under the trisemester system or eight (8) hours of credit under the quarter system. A student having failed to pass twelve (12) semester hours in any semester may become eligible by attending summer sessions and securing a passing grade in twelve (12) semester hours for credits.
- 4. Transfer Students. (a) No transfer student shall be eligible for intercollegiate athletic competition in varsity sports until he has completed satisfactorily a full year's or two semesters work at his college. Interpretations: Attendance at summer sessions shall not be regarded as meeting the requirements of a semester's residence. The student who trains at a training camp with a college before the football season opens but who does not matriculate at the college is not eligible to enter another state college to play that season. Interpretation: Matriculation means payment of fees, completion of registration forms and attendance at one class.
 - (b) A student graduating from a junior college and entering the junior year of a state college shall be eligible for competition. A junior college transfer student, entering the freshman or sophomore class of a state college, shall be subject to the one year residency rule for transfer students.
- 5. Amateur Rule. A student competing in intercollegiate athletics shall be an amateur in good standing. An amateur sportsman is one who engages in sports for the physical, mental, or social benefits he derives therefrom, and to whom

the sport is an avocation. A student ceases to be an amateur and is, therefore, ineligible to participate in intercollegiate competition by the commission of any of the following acts:

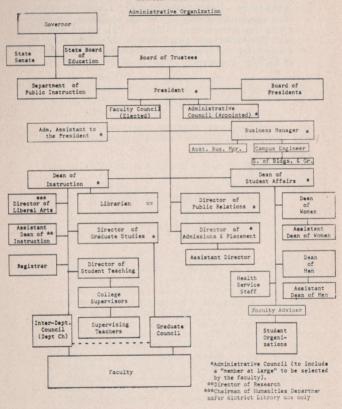

- (a) Participation in any athletic competition under an assumed name, or otherwise with intent to deceive.
- (b) Directly or indirectly receiving money or remuneration for participation in any competition as a player or for coaching any sport.
- (c) Directly or indirectly receiving money fosigning a contract with a professional team in any sport.
- (d) Signing a contract with a professional team in any sport, regardless of any subsequent cancellation or revocation, absence of payment or lack of training with the team.

Reestablishment of amateur status may be made if, after a thorough investigation, facts of the case warrant it.

- 6. Post-Season Play. A student who is a squad member on or after the date of the first regularly scheduled contest, and, who engages in any athletic contest during a time the college is in session, not arranged by his college, organized college conference or the Amateur Athletic Union and approved by his college, shall not be eligible to represent his college in that sport during the remainder of that college year and during the succeeding season of the sport in which he participated in an unauthorized contest. This restriction includes Thanksgiving vacation and the time between semesters, but does not include Christmas vacation.
- D. VARSITY COMPETITION. A state college varsity team may compete only with varsity teams of four-year-

degree-granting Colleges in regularly scheduled games. Junior Varsity is considered intercollegiate competition. Interpretations: (1) Regularly scheduled games are games for which contracts are signed and/or admission is charged. (2) where scheduling difficulties are encountered, this rule may be waived by the personnel committee of the Board of College Presidents.
